SITE PLAN REVIEW DATA CHECK-OFF SHEET

NOTE: Submit eight (8) copies of Site Plan. The following information shall be included on the site plan submitted for review and processing:

NOTE: The Engineer, Architect, Planner and/or Designer retained to develop the site plan shall be responsible for securing a copy of the ZONING ORDINANCE and following all requirements therein. Further, these professionals shall make themselves aware of all Master Plan requirements, such as major and minor thoroughfares, land use, recreation, education, drainage, water and sewer availability, etc.

- 1. Description of site. (Metes and Bounds description, or lot or parcel number)
2. A scale of not less than 1" = 20' if the subject property is less than three (3) acres and 1" = 100' if three (3) acres or more.
3. The names and addresses of the Architect, Planner, Designer or Engineer responsible for the preparation of the site plan.
4. Date, North point and scale (Engineer scale only)
5. The dimensions of all lot and property lines.
6. The pavement location and right-of-way width of all abutting streets and alleys drawn to scale.
7. The location and dimensions of all existing and proposed structures, drives and parking areas.
8. The location of all existing driveways within 100 feet of the subject property, and to include driveways across thoroughfares, drawn to scale.
9. If angle parking is shown, the angle shall be indicated on the plan, including direction of any one-way drives.
10. The location and right-of-way widths of all easements.
11. Topography and drainage indicated wherever questionable problem areas occur.
12. Indications of proposed methods of sewage disposal, water supply, and storm drainage.
13. The location and type of any required walls, fences or greenbelts.
14. The intended use for all accessory buildings.
15. KEY MAP: Site Location Relationship to major and minor thoroughfares development: (Identify existing structures and land uses within 100 feet of subject property.)
16. Describe the proposed use. (Be specific.)

- 17. A Summary Table indicating:
 - The gross and net building area. (Non-residential) _____
 - Number of parking spaces required and provided. _____
 - Height of buildings in stories and feet. _____
 - Area of site in square feet or acres. _____
 - Full dimensions of building to lot lines. _____
 - Number of dwelling units by type: (I.E., one bedroom, two bedroom, multiple, etc.) _____

18. TO BE COMPLETED ON MULTIPLE SITE REVIEW ONLY:

- A. Typical floor plans for each type unit indicating:
 - 1. Principle entrance and service entrance. _____
 - 2. Relationship of typical unit within each structure, (I.E., front-rear relationship) _____
- B. Details of service areas: (I.E., garbage and trash collection, etc.) _____
- C. Details of recreation areas: (I.E., proposed development of play areas, etc.) _____

19. TO BE COMPLETED ON NON-RESIDENTIAL SITE REVIEW ONLY:

- A. Loading and unloading areas. _____
- B. Type and proposed location of any outside storage. _____
